

BLOCKSCART RETAIL

Overview - Basic outline of the retail card. [Return to homepage](#)

Blockscart are in development stages of creating an offline shopping experience for customers who wish to buy a product from a store or brand they cannot get online.

The Blockscart team are in discussion with 3 European companies that can offer them various options to apply the retail card to their platform. Whether it be a Mastercard, Multi Store Card or Other.

Sometimes just shopping online can be an issue if the product that you want takes 3-7 days or more to arrive. Most of us want it today. That's why we added the extra benefit of offline shopping using your BLOC coin.

Why retail if your an online marketplace?

Blockscart is not just an online marketplace, Blockscart is a brand just like Amazon, eBay, Nike and so on. Brands are a name tag of various models in the business world and can have a range of products to provide customers and businesses alike.

How can we get a Blockscart Retail card?

You can get your own retail card buy login on to your Blockscart account that we will have on the marketplace.

In this section you will be required to pass a KYC (Know your client) check to make sure we are compliant with regulatory bodies in our registered country, the United Kingdom.

You will then be required to pay for your first card which will cost a value of £10.00. This card will have a 1 year expiry on which after 1 year, if you have spent over £10,000 on it will entitle you to a new card. If under £10,000 you will be required to pay £10.00 for a new one.

Once you have passed the KYC process and all terms are agreed and accepted, you will then be able to add a balance to your card.

The retail card will be sent to you within 3 days of your first order and will have a balance of fiat value - £/\$ to go shop in stores and online worldwide.

Blockscart Retail - A benefit to cryptocurrency traders.
